Colchester Sixth Form College
2013-2015
3 A-Levels

ZOE BLIGHTON

Junior Front-End Developer | React & JavaScript

PERSONAL PROFILE

Front-end developer with hands-on experience building responsive web applications and websites using HTML, CSS, JavaScript and React. Experienced in API integration, reusable components, accessible UI design and translating requirements into user-friendly interfaces. Recent projects include Little Plans app and website, the Dear Diary Art Club website, and Triple Moon, all builds taken from concept to deployment. My background in leadership and education shapes how I work: combining technical skills with strong communication, problem-solving and organisational skills. Passionate about creating clean, maintainable code and intuitive digital experiences.

WORK EXPERIENCE

FREELANCE WEB DEVELOPER

Client project | December 2025 - Present

- Translate project requirements into responsive, user-focused web interfaces.
- Develop and refine UI components with a focus on usability, accessibility and maintainable code.
- Manage development tasks independently, from implementation through testing and deployment.

FRONT-END DEVELOPMENT TRAINING & PROJECTS

SheCodes - December 2024 - December 2025

- Built and deployed front-end projects using HTML, CSS, JavaScript and React.
- Integrated external APIs to deliver dynamic application features.
- Applied responsive design principles, reusable components and debugging techniques to improve functionality and usability.

ASSISTANT MANAGER / MONTESSORI TEACHER

Orchard Cottage Montessori Nursery School - September 2017 - July 2026

- Led classroom practice and supported the delivery of high-quality, child-centred education.
- Coordinated daily operations, supported colleagues and maintained effective communication with families.
- Developed transferable skills in leadership, organisation, problem-solving and decision-making.
